The Iowa Legislature is also considering a change in the way judges are selected in Iowa. Currently, the governor appoints judges from nominees put forward by a judicial nominating commission. The governor chooses half the members of the commission, and Iowa lawyers choose half. It's been proposed that legislative leaders of both parties would make half of the choices, replacing the role of attorneys. Do you favor the proposed change in how the nominating commission is constituted, or do you favor keeping it the way it is now?

33 Favor changing the way the nominating commission is constituted
54 Favor keeping it the way it is now

ABOUT THE POLL

The Iowa Poll, conducted February 10-13 for *The Des Moines Register* and Mediacom by Selzer & Co. of Des Moines, is based on telephone interviews with 803 Iowans ages 18 or older. Interviewers with Quantel Research contacted households with randomly selected landline and cell phone numbers supplied by Survey Sampling International. Interviews were administered in English. Responses were adjusted by age, sex, and congressional district to reflect the general population based on recent census data.

Questions based on the sample of 803 Iowa adults have a maximum margin of error of plus or minus 3.5 percentage points. This means that if this survey were repeated using the same questions and the same methodology, 19 times out of 20, the findings would not vary from the true population value by more than plus or minus 3.5 percentage points. Results based on smaller samples of respondents—such as by gender or age—have a larger margin of error.
